UNITED NATIONS
NEW YORK

INTRODUCTION

This index to the documents of the United Nations Conference on International Organization held at San Francisco from 25 April to 26 June 1945, has been prepared by the Secretary-General of the United Nations pursuant to paragraph (b) of resolution 796 (VIII), adopted by the General Assembly at its eighth session in 1953. It covers the documents contained in the first fifteen volumes of the sixteen-volume[1] publication entitled *Documents of the United Nations Conference on International Organization*[2] as well as the documents in the four-volume publication bearing the same title, recently published[3] by the Secretary-General pursuant to the same resolution.

This index thus covers the complete official documentation of the Conference. Following the suggestions made by the Secretary-General in his memorandum[4] to the Sixth Committee of the General Assembly and endorsed by the latter in resolution 796 (VIII) it consists of two parts, namely, an index to the legislative history of each article of the Charter, and an alphabetical key to specific subjects. These two parts are further described below.

The English text of this index is contained in volume 21, and the French text is contained in volume 22. These two volumes, together with the four new volumes also published by the Secretary-General, have been assigned volume numbers consecutive to those of the earlier sixteen-volume publication referred to above which they are intended to complete.

LEGISLATIVE HISTORY AND ANALYTICAL SUBJECT INDEX

The first part of this volume is a chronological Legislative History of each article of the Charter, or where appropriate, each paragraph of each article, arranged as follows:

1. a reference to the comparable text of the Dumbarton Oaks Proposals, or a statement that there was no comparable text;
2. a list of the comments submitted to the San Francisco Conference by participating Governments on the Dumbarton Oaks draft of each article;
3. references to the documentation considered, the discussions, and the action taken by each committee, commission or plenary meeting of the Conference;
4. an Analytical Subject Index of the words or ideas considered, whether accepted or rejected, in the course of the drafting of the particular article.

ALPHABETICAL SUBJECT KEY

The second part of the volume consists of an Alphabetical Subject Key to the words and phrases discussed at San Francisco, with references in each case to the article, or articles in the Legislative History where the particular word or idea was discussed. These references are to the Analytical Subject Index at the end of the Legislative History of each article, except in those instances where an article, or paragraph of an article, concerned but one idea or concept, in which case no Analytical Subject Index was prepared. For example, the discussion of Article 28, paragraph 1 concerned only the idea of the continuous functioning of the Security Council and no Analytical Subject Index was necessary.

The references in the Key are to the article numbers in the Legislative History except in certain instances where citations to volume and page numbers have been added when it is not entirely clear which article was being discussed. For example, the entry

appoint, meaning of 97 vol. 7 p. 96, 360, 393

which appears on page 324 of volume 21 indicates that the subject was discussed during the debate on article 97, to which the reader is referred (see pages 241-244). There was also some discussion of the word "appoint" in volume 7, pages 96, 360 and 393.

ARTICLES OF THE STATUTE OF THE INTERNATIONAL COURT OF JUSTICE

The letter "S" appears before all references to articles of the Statute.

PREAMBLE TO THE CHARTER

The paragraphs of the Preamble to the Charter are not numbered, they are referred to in this index under the following headings:

"Determined"
  "to save..."
  "to reaffirm..."
  "to establish..."

"and for these ends"
